Speakers:

This is an urgent call to the entire Church to pray. This call for prayer has become necessary in light of the numerous challenges the Church and our Nation is going through. We all recall that in the past, when the Church faced similar challenges and threats, we had resorted to prayers and God answered. So, as we now face what can no doubt be described as 'PERILIOUS TIMES' in our nation, let us arise and pray, knowing that God has always been faithful in responding to our passionate petitions.
